## KOCKÒN MACH II

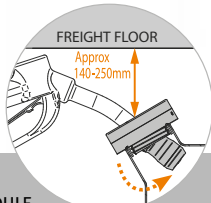

fuel antitheft device

The Kockòn range of devices features:

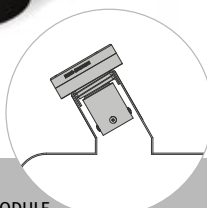

- EFFECTIVE AND SECURE PROTECTION
- QUICK MOUNTING CAPABILITY
- FAST FILLING WITHOUT SPLASH BACK
- upgrade ready capability

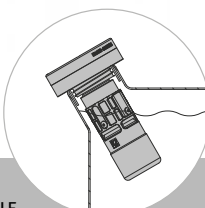

Specially suited to all those situations where there are external conditions that impact on possible fuel pistol positioning.

Dedicated to those conditions where barrel length is imposed by the tank neck design.

The typical conditions for Kockòn MACH II Ultimate, where the barrel of the device is wetted by the fuel, hence the float prevents skimming of the tank contents.

### XL SERIES

KOCKÒN MACH II EXTRA LOW MODULE

This is the truly universal solution! This revolutionary new product configuration will fit vehicles where the clearance above the tank neck is limited as well as all the others. The engineered pivoting barrel allows fuel nozzles to be inserted at an angle rather than vertically, reducing the need for space between tank and freight deck.

140-240 mm 716 g XL 105 Module 640 g XL 80 Module

### SB SERIES

KOCKÒN MACH II SHORT BARREL MODULE

The SB product configuration proves suited to those installed conditions where there may be a curve in the tank neck or decreased neck depth that cannot accommodate the extra length created by the presence of the float on the Ultimate model Kockòns. This is a particularly common situation on work machinery and special equipment with non standard shape tanks.

### ULTIMATE SERIES

KOCKÒN MACH II ULTIMATE MODULE

The Ultimate series represents the new generation of our time tested Kockòn Universal, which is where it all started. Kockòn MACH II Ultimate weighs in at approximately half the weight of its steel parent, boasting unparalleled strength and resistance, and reduced neck diameters, which makes installation quick, easy and fuss free.

#### XL 105

77 45 31 001 KOCKÒN M2 XL 105 MODULE

Recommended Applications:

**DAF, MAN, VOLVO, MERCEDES:** all models  
**IVECO:** Stralis, EuroStar, EuroTec, Trakker, EuroTrakker, EuroCargo with metal fuel tanks  
**RENAULT:** Premium, Magnum, Midlum with metal fuel tanks

PRE CONFIGURED READY TO USE VERSIONS

82 45 12 016 KOCKÒN M2 XL 105 PL-CAP

82 45 12 010 KOCKÒN M2 XL 105 ZIP

#### XL 80

77 45 36 001 KOCKÒN M2 XL 80 MODULE

Recommended Applications:

**SCANIA** Series 4

PRE CONFIGURED READY TO USE VERSIONS

82 45 12 015 KOCKÒN M2 XL 80 PL-CAP

82 45 12 011 KOCKÒN M2 XL 80 ZIP

#### SB 105

77 45 21 001 KOCKÒN M2 SB 105 MODULE

Recommended Applications:

**DAF, MAN, VOLVO, MERCEDES:** all models  
**IVECO:** Stralis, EuroStar, EuroTec, Trakker, EuroTrakker, EuroCargo with metal fuel tanks  
**RENAULT:** Premium, Magnum, Midlum with metal fuel tanks

PRE CONFIGURED READY TO USE VERSIONS

82 45 11 014 KOCKÒN M2 SB 105 PL-CAP

#### SB 80

77 45 26 001 KOCKÒN M2 SB 80 MODULE

Recommended Applications:

**SCANIA** Series 4

PRE CONFIGURED READY TO USE VERSIONS

82 45 11 015 KOCKÒN M2 SB 80 PL-CAP

82 45 11 017 KOCKÒN M2 SB 80 ZIP

#### ULTIMATE 105

77 45 11 001 KOCKÒN M2 ULTIMATE 105 MODULE

Recommended Applications:

**DAF, MAN, VOLVO, MERCEDES:** all models  
**IVECO:** Stralis, EuroStar, EuroTec, Trakker, EuroTrakker, EuroCargo with metal fuel tanks  
**RENAULT:** Premium, Magnum, Midlum with metal fuel tanks

PRE CONFIGURED READY TO USE VERSIONS

82 45 10 013 KOCKÒN M2 ULTIMATE 105 PL-CAP

#### ULTIMATE 80

77 45 16 001 KOCKÒN M2 ULTIMATE 80 MODULE

Recommended Applications:

**SCANIA** Series 4

PRE CONFIGURED READY TO USE VERSIONS

82 45 10 014 KOCKÒN M2 ULTIMATE 80 PL-CAP

82 45 10 016 KOCKÒN M2 ULTIMATE 80 ZIP

## TRANSFORM-ABLE

upgrade ready capability

Upgrade Ready and Transform-ABLE means that KOCKÒN high precision tank neck mounted mechanical devices are made to be matched with innovative complements, either when first installed or later, as the Genesis technology evolves and expands.

Each solution addresses specific operational needs or specific vehicle conditions. Some of these add-ons are designed to be paired with telematics to enhance the barrier Genesis provides against fuel theft.

### QUICK LOCKING UPGRADE OPTIONS TO TRANSFORM YOUR KOCKÒN

The latest generation of Genesis Mach II products feature an articulated system of interchangeable upgrade options.

At time of installation or after, our Kockòn Mach II base units can be promptly customized or updated to comply with some very specific performance options which stem from evolving operational needs or from the technological infrastructure which is present on the vehicle itself.

On the other hand, one can choose to purchase a ready to use, highly specialized solution from the onset. Matching of Kockòn base units with the individual upgrade options has been made easy and effective through quick locking technology which does not require special tools or skills.

### 1 CONVENTIONAL

#### PL-CAP

78 60 15 100 PL-CAP

Standard 2 point 105 type bayonet bezel. Includes a low profile locking cap and bunjee chain allowing cap to dangle when open.

#### UNICAP

78 45 15 101 UNICAP

Upgrade kit for KOCKÒN Mach II base modules. Made to allow use of the majority of original vehicle fuel caps.

#### XXL

78 60 15 102 XXL

Upgrade Kit for KOCKÒN Mach II base module to achieve Extra Extra LOW profile. Includes 2 point bayonet mount non locking cap.

#### XXL LOCK

78 60 15 101 XXL LOCK

Upgrade Kit for KOCKÒN Mach II base module to achieve Extra Extra LOW profile. Includes locking cap with 2 point bayonet mount and locking key.

### 2 ENHANCED SAFETY

#### ZIP

78 60 10 010 ZIP SAFETY CAP

Upgrade kit for KOCKÒN Mach II base modules. Rapid mounting self closing ventilated fuel cap without lock, can be fitted by the end user without removing KOCKÒN base from its installed position.

#### ZIP LOCK

78 60 10 011 ZIP SAFETY CAP LOCK

Upgrade kit for KOCKÒN Mach II base modules. Rapid mounting self closing ventilated locking fuel cap, can be fitted by the end user without removing KOCKÒN base from its installed position.

### 3 SECURITY AND CONTROL

#### ZIPPER

78 60 10 019 ZIPPER WIRED UPGRADE KIT

78 60 10 029 ZIPPER WIRELESS UPGRADE KIT

Upgrade kit for KOCKÒN Mach II base modules. Features telematics interfacing capability in wired and wireless versions plus a rapid mounting self closing ventilated fuel cap without lock. Can be fitted by the end user without removing KOCKÒN base from its installed position.

#### ZIPPER LOCK

78 60 10 020 ZIPPER LOCK WIRED UPGRADE KIT

78 60 10 030 ZIPPER LOCK WIRELESS UPGRADE KIT

Upgrade kit for KOCKÒN Mach II base modules. Features telematics interfacing capability in wired and wireless versions plus a rapid mounting self closing ventilated locking fuel cap. Can be fitted by the end user without removing KOCKÒN base from its installed position.
